CUSTOMIZED
PRODUCTS

BUFF®'S NEW AGE

Our customised BUFF® products are a great way to promote your company, your brand or an event. Behind every BUFF® item there is a full range of high quality and innovative products. Our brand is globally recognised due to the fact that all our products are environmentally friendly and designed according to the latest trends.

All our items are very versatile and can be worn in multiple ways. They protect from all weather conditions and they offer a great sweat management system.

Our headbands, caps, beanies and neck tubes have been created and designed with the latest technology in order to offer the maximum efficiency and technicity to our customers.

We use the highest quality and the most sustainable materials for our designs. So, in our journey of contributing to a better world, we use recycled yarns and recycled packaging, we have reduced our carbon footprint and CO2 emissions and we have also changed our production process. We also support several environmental projects as well as projects that help our society.

Every product is made here in Barcelona and we deliver it right to your doorstep faster than you can say "Custom BUFF®".

Start living more now with a BUFF® product made exclusively for you.

Original product value

Design

Our experienced design team can come up with amazing designs and will know best how to bring out your idea.

Made in Barcelona

BUFF® products are produced in-house, near Barcelona. Love and care are basic ingredients from the knitting until the order is delivered to you.

Minimum Order Quantity

We can print orders as small as 25 pieces or as large as you like.

Multifunctional

BUFF® products are versatile and comfortable. They are ideal to protect you from the weather any time, any season and anywhere.

Innovation

Innovation is part of Original BUFF S.A.'s DNA. Since 1992 innovation has been our driver and enabled us to offer unique products.

Easy steps to get your customized BUFF® product

1 Choose the product and available size

2 Ask for a quotation and check timings with us

3 Fill in the "creative brief" form and send it with your logo

4 ORIGINAL BUFF, S.A. sends you 2 or 3 proposals in jpg

5 You accept the proposal and send the order ("customized project authorisation" form signed) back to us

6 Proforma invoice is sent to you and production starts

Original

WEATHER CONDITIONS

WIND COLD COOL HOT

IDEAL FOR:

Multifunctional product designed for all-year-round use. Ideal protection against the cold during high intensity outdoor activities such as trail running, trekking, bouldering, hiking, horse riding, cycling or riding a motorbike. Fit most necks.

Composition:

95% Polyester, 5% Elastane.

CoolNet UV+®

WEATHER CONDITIONS

WIND COLD COOL HOT

IDEAL FOR:

Multifunctional tubular perfect for outdoor activities during sunny days. It offers a high UV protection to enjoy life out in the sun while protecting you from harmful sun radiation. Light, breathable and comfortable, this tubular is an ideal companion for running, cycling and walking as well as for climbing, trekking or motorbiking.

Composition:

95% Polyester, 5% Elastane.

COOLNET UV+®

Reflective

WEATHER CONDITIONS

WIND	COLD	COOL	HOT
------	------	------	-----

IDEAL FOR:

A classic BUFF® product with an extra touch. This tubular has 360° reflective print that improves visibility during night or in low light conditions. Multifunctional, light and breathable, it is perfect for evening walks, early morning rides or even for night runs. Comfort and security to enjoy outdoors life anytime.

Composition:

95% Polyester, 5% Elastane.

Polar

WEATHER CONDITIONS

WIND	COLD	COOL	HOT
------	------	------	-----

IDEAL FOR:

Designed to maintain body temperature in cold weather conditions during outdoor activities. Ideal for hiking and snow sports like cross country skiing, downhill skiing and snowboarding.

Composition:

97% Polyester, 3% Elastane.

ThermoNet®

WEATHER CONDITIONS

WIND	COLD	COOL	HOT
------	------	------	-----
